

Greetings:

In this 1962 catalog we are pleased and proud to offer two new varieties bred by Mr. H. J. Brown of Milan, Ohio. Mr. Brown has been growing daylilies for over 30 years and hybridizing for about one-half of that time. The two varieties we now offer have been tested for the past three years in gardens both north and south. They have proved to be capable of top performance in either area. We feel them to be worthy of a place in any daylily collection. At the request of many visitors we are also offering one of our own seedlings which has proven its ability to perform admirably wherever it has been planted.

The daylily has proven to be a most versatile perennial. It can be used most successfully to face down the shrub border, edge walks and driveways, to interplant with spring bulbs to hide the dying bulb foliage, nocturnal and extended varieties for the lighted garden and the patio. In arrangements the daylily is coming into its own because of the wide variety of flower size, shape and color now available. The varieties offered in this catalog are those which we have found to best allow the home gardener to make use of the versatility of which the daylily is capable. We gardened in Ohio for many years before moving to Georgia three years ago and our aim is to grow and offer those varieties that in our experience have shown the ability to perform successfully in either area. In the north we found that spring planting was most successful although most dormant varieties could be planted as late as August.

Each summer it has been our policy to visit the gardens of other growers over a wide area in order to check on the performance of the varieties we are growing and to better be able to evaluate our own introductions. We do not hesitate, therefore, to assure our customers that the varieties offered by us will do well in any area.

We are member of the American Hemerocallis Growers Association, the seal of which is your guarantee of quality.

The garden is located on Georgia State Route 72, five miles northeast of Athens. Visitors are welcome at all times. We grow many varieties not listed as well as several thousand seedlings.

Policies and Terms of Sale:

Our list has been compiled to be as informative as possible. To furnish a nice freshly dug plant, packed to reach you in good condition.

All plants guaranteed to be true to name and from state inspected stock.

To give all orders our personal attention.

No substitutions will be made unless you request that we do so.

To ship orders promptly. This can be done at any time you can safely plant in your area.

All orders accepted on a cash basis only.

Orders of \$5.00 or more will be shipped prepaid. On orders under this amount add 50¢ for postage and packing.

Georgia residents add 3% sales tax.

INTRODUCING

THOMAS EDISON: Brown 1961, M-LM, 32-36, Semi Ev., Ext.

BOLD and STRIKING! This daylily is a standout. Huge rich nasturtium orange star like flowers are produced in profusion. Narrow cream mid-rib on the wide petals adds to the richness of the flower and a small dark green throat gives depth. Seven to nine inch flowers are common without special feeding or watering. A very hardy and vigorous grower with many proliferations. Sunfast and withstands wind and rain better than most flowers of this size. Stays open very late at night. Sets seed and produces viable pollen. Magnificent in a clump \$10.00

MOON RUFFLES: Brown 1961, EM-M North, EM-re South, 24-26, Dor., Noct.

Another fine daylily from Mr. Brown. Dainty and charming this very ruffled, bright yellow 5" flower opens in the evening and stays open 24 hours. Blooms over a very long season in the north and here at our garden bloomed continuously from June 2 until August 28 on newly set plants. Transmits its ruffling to its seedlings.

A low, neat, and compact grower \$10.00

Also from our own seedling group

STAR OF HAYDEN: E. Taylor 1961, EM-M North, EM-re South, 30-34 Dor., O. E.

Five inch soft buff yellow that opens flat; 1½" overlapping petals and recurved sepals; raised self midrib and smooth edges gives the flower a neat tailored appearance. Wide maroon halo is sharply defined. Hardy and vigorous with neat 18" foliage. Visitors have asked for this one. Stock is limited at \$3.00

ABCADA: Culpepper 1952, M. 36, Dor., Ext.

Large creped light yellow self that is almost

weatherproof \$1.00

ACE OF HEARTS: Hall 1955, M-L, 32-36, Semi-Ev., Ext. Large widespread velvety diamond dusted, sun resistant red that blooms over a long season.

A favorite here \$2.50

ALAN: Claar 1957, M, 30, Semi-Ev., O. E. Lightly ruffled, rich velvety cherry red self with a small green throat. Outstanding\$10.00

ATEN: Kraus 1951, L-M, 30-36, Dor., Ext. Large glistening nasturtium orange. Beautiful and later than most. Reblooms in the South. One of the finest daylilies we grow\$1.00

ATLAS: Kraus 1952, M-L, 34, Dor., Sl. Fr., Ext. Ruffled and creped light yellow. Stand weather well. Good parent\$1.00

BABETTE: Hayward 1947, E-re, 24, Ev., O. E. Fine small tailored orange petals, crimped and ruffled. Worthwhile\$1.00

BESS ROSS: Claar 1951, M, 34, Semi-Ev., O. E. Brilliant frilled scarlet with a green throat that blooms a long time. Very desirable\$3.50

BEWITCHING: Baker 1960, L, 34, Dor. Very nice late round pink bitone. Well branched and free flowering\$5.00

BLACK FRIAR: Lester 1951, M-L, 38-40, Ext. Well formed, sunfast, dark blackish red. In a class by itself\$1.00

BLONDE PRINCESS: Flory 1957, M-L, Re, 24, Semi-Ev., O. E. Ruffled soft buff yellow with a very faint halo. Blooms and blooms and seems to do well everywhere. A solid mass of color when well established. Always a favorite with visitors\$5.00

BOLDNESS: Howe 1954, M-L, 40, Semi-Ev., Ext. Very large wide petalled tangerine orange self with a green throat. Outstanding and stays open very late\$2.00

BONNIE: Howe 1951, M, 38, Dor., O. E., Very light yellow of good form. Fine and dependable\$1.00

BOUNTIFUL: Cook 1943, M, 30, Dor., O. E. Wonderful sunfast lemon yellow. Wide petals and green throat10.00

BRIGHT DAY: Baker 1959, M-L, 48, Dor., O. E. Sunfast bright rose red. Recurved petals and sepals with a yellow green throat. Holds up well in all weathers\$5.00

BRIGHT SPANGLES: Baker 1959, M, 42, Dor., O. E., Medium sized flat open flowers of gold heavily dusted brilliant red. Green throat. Sunfast and of fine form. Different\$5.00

CAPRI: Milliken 1952, M, 36, Ev., O. E. Lovely ruffled and creped wide petalled daylily that is a warm apricot peach in the North and a beautiful yellow in the South\$1.00

CARTWHEELS: Fay 1959, M, 28, Dor., O. E. A large stunning daylily that impresses everyone. Flat wide open 7½" flower of showy gold, very broad petalled\$5.00

CATHEDRAL TOWERS: Milliken 1948, M, 34-36, Ev., O. E. Medium sized buff with rosy red towers in center of each petal. Long blooming season and stays open very late. Needs winter protection in the North\$1.00

CHATHAM: Baker 1959, Late, 33, Dor., Ext. Broad petalled golden butterscotch. Late and stays

open late. Weather-proof and a good grower. Makes a beautiful clump\$3.00

CHEERY PINK: Hall 1956, EM-ML, 26-30, Dor., O. E. Creped sun resistant azalea pink\$1.00

CHETCO: Kraus 1956, M, 38, Dor., Ext. Beautiful creamy primrose with melon flesh overtones. Wide ruffled petals. Wonderful parent\$10.00

CHOSEN: Childs 1961, M, 30, Dor., Ext., Very Fr. A very clear rose pink with a yellow throat. Full formed flowers. This is a very desirable daylily\$20.00

CIBOLA: Hill 1950, H, 34, Dor. Very free flowering Spanish yellow. Loved by everyone\$1.00

COLORTINT: Howe 1954, EM, 30-34, Dor., O. E. Non-fading, full petalled apricot with rose halo. Opens well even after cool nights\$5.00

COSETTE: Milliken 1953, EM, 36, Ev., Ext. Wide petalled warm soft yellow with rosy brown dusting on petals. A beautiful daylily\$1.00

DELECTABLE: Childs 1956, M, 32, Dor., Ext. Very beautiful 6" melon pink that opens wide. Sunfast, wind and rain resistant. Outstanding and stays open very late\$10.00

DELPHINE: Emigholz 1952, M-L, 30, Semi-Ev., Ext. Large Broad yellow of heavy substance. Well behaved and free flowering\$1.00

DESERT STAR: Russell 1950, E, 18-20, Dor., O. E. Low growing ruffled light yellow. Very nice\$1.00

DUSTY MILLER: Stout 1953, M-L, 36, Ev., O. E. A hardy evergreen that is a beautiful pastel in the South and a yellow with buff ochre dusting in the North. A fine daylily\$1.00

EBONY PRINCE: Hensch 1957, M-L, 40, Semi-Ev., O. E. Sunfast large dark blackish maroon self\$2.00

ECSTATIC: Douglas 1956, M-L, 28-30, Dor., O. E. A charming daylily not as widely grown as it should be. Pretty melon pastel with a very bright rose red halo\$1.50

ELFIN: Stout 1949, Very early, dwarf, Dor., O. E. The first to bloom in the spring. Colorful golden goblets amid grass-like foliage. Blooms with the tulips and sometimes repeats in the fall. Three ramets for\$2.00

EMILY: McVicker 1957, E-M, 36, Dor., Ext. Lovely round medium yellow self\$1.00

EVELYN CLAAR: Kraus 1950, M, 20-30, Dor. Wide petalled salmon pink. A long time favorite. Good parent1.00

FAIRY WINGS: Lester, 1954, M, 34, Dor., O. E. Beautiful ruffled pale yellow with a tint of pink and a green throat. One of the most charming daylilies we grow\$3.00

FIFTIETH ANNIVERSARY: Stout 1946, M, 36, Ev., O. E. Large showy copper with a dark red eye. Striking accent plant. Slow to increase\$2.00

FORTYNINER: Ferrick 1954, M-L, 36, Dor. Large glistening ruffled and crinkled orange. Very popular\$1.00

FRANCIS FAY: Fay 1957, EM, Re., 24, Dor., O. E. Beautiful melon pink self. Wonderful parent. Almost

everblooming in the South\$5.00
 FRENCH LADY: Douglas, 1956, M-L, 36-40, Dor.,
 O. E. Wide open ruffled lemon self. Free flowering
 and weatherproof. A great favorite here and we
 think a much overlooked item\$1.00
 GLADYS KENDALL: Hall 1960, M-L, 26-30, Dor.,
 Ext. Another fine daylily that has been overlooked.
 Rich gold of fine form. Stands all weather very well.
 Stays open very late and is still blooming when many
 are finished\$3.00
 GOLDEN ARIA: Emigholz 1954, M, 32, Semi-Ev.,
 O. E. A good garden yellow that makes a nice
 showy clump. Stays open late\$1.00
 GOLDEN DEWDROP: Taylor 1955, EM, Re., 14,
 Ev., Noct. Beautiful orange yellow of fine form.
 Rapid increaser. Lovely by the patio or
 in a lighted garden\$1.00
 GOLDENSONG: Kraus 1952, M, 30, Dor., Ext.
 This has long been one of our favorites. Large, ruffled,
 free flowering gold. Good grower and very
 desirable\$1.00
 HEARTS AFIRE: Connell 1954, EM, 36, Semi-Ev.
 Brilliant broad petalled carmine red\$1.00
 HERMOSA: Kraus 1953, M, 36, Dor., O. E.
 Another one from Dr. Kraus in a class by itself.
 Large flaring golden yellow. A visitor last summer
 about summed it up when she stood in front of it and
 exclaimed, "What a magnificent flower."
 Just a few at\$2.00
 HIGH NOON: Milliken 1949, M, 36, Ev., O. E.
 Sunfast deep cadmium yellow self.
 Needs winter protection North\$2.00
 HOLIDAY MOOD: Hall 1956, M-L, 33-37, Dor.,
 Ext. Every visitor last summer wanted this one.
 Impressive large round flat flowers of mandarin
 red with cream mid-rib. Perfect branching and
 growing habits. Stays open very late.
 A dazzling accent plant\$2.00
 HOLIDAY TAN: Hall 1956, M-L, 34, Semi-Ev., O. E.
 Ruffled buff with pink tints. Many buds and different.
 It has been slow to increase for us\$2.00
 HONEYMIST: Taylor 1955, EM, Re., 30, Ev., O. E.
 Very light wide petalled soft yellow. Fine
 substance and very reliable\$1.00
 ILLINOIS: Hall, M-L, 34, Dor., O. E.
 Large ruffled buff yellow. Continues to produce
 new scapes until frost. Another that
 is slow to increase\$2.50
 IRISH CHARM: Lester 1956, EM, 25, Semi-Ev.
 O. E. Soft apricot maize. Very vigorous grower.
 Makes a stunning clump. Does best in full sun\$1.00
 JACK FROST: Lester 1953, LM, 36, Dor., O. E.
 Cool 6" triangular light yellow that we like very much.
 Later than most. Slow to increase\$2.00
 KEY LARGO: Baker 1955, Late, 32, Ev., O. E.
 Widespread 6" light cream. Very free
 flowering and late\$1.50
 LITTLE CHERUB: Claar 1950, EE, 15-26, Ev.,
 O. E. It wouldn't be spring without "Little Cherub".
 Clear yellow of fine form. Has been hardy and a fine

grower and doer for us both North and South.
 A must in every garden\$1.00
 LUXURY LACE: Spaulding 1959, M-L, 32, Dor.
 Much ruffled lavender pink with a very green throat
 that holds all day. More pink than lavender in extreme
 heat; on cool days more lavender than pink. We love
 this one and know of nothing else in this color class.
 Very free flowering over a long season. Though it closes
 at dusk we recommend this one for its color and charm.
 Only a few at\$15.00
 LYRIC: Childs 1960, M, 32, Dor., O. E., Fr.
 We think this is the best all around pink. Ruffled
 geranium pink self that blooms a long time.
 Sunfast and held up well in hard storms.
 Stays open late\$3.00
 MABEL FULLER: Kraus 1950, M-L, 38, Dor., Ext.
 Glowing sunfast dark red that stays open late.
 We believe this to be the most dependable red in
 this price range\$1.00
 MARIE WOOD: Wood 1950, EM, 30-36, Dor., Ext.
 A beautiful smooth clear pink. Wonderful color.
 Resents transplanting. Plant and do not disturb.
 Slow to increase\$3.00
 MARIONETTE: Lester 1950, M-L, 36, Dor., Sxt.
 Non-fading buttercup yellow with wide mahogany
 band on all segments. Long blooming season and a
 stunning accent plant. Good grower\$1.00
 MATINEE: Childs 1958, E, Re., 16, Ev., O. E.
 Beautiful 6" ruffled clear yellow of
 triangular form\$3.50
 MIGNON: Stout 1951, EM-M, 34-40, Dor., Noct.
 Tiny light yellow flowers of fine form. Opens late in the
 afternoon and stays open 24 hours. Thin wiry scapes
 lend themselves to flower arranging. Small grassy
 foliage. Nice in the lighted garden. We consider it a
 treasure. Three ramets for\$2.00
 MONONA: Kraus 1950, M, 20-30, Dor., O. E., Fr.
 Daylilies like Monona should be the backbone of the
 garden. Waxy orange self. Sunfast and stood up to
 20 mile per hour winds. Has always done well in
 our garden\$1.00
 MOON MAID: Baker 1959, M-L, 30, Dor., Noct.
 Another good one for the lighted garden Sunfast
 ruffled cream yellow of fine growing habits.
 Stays open 24 hours. Well liked here\$3.00
 NEYRON ROSE: Kraus 1950, M, 30-38, Dor., O. E.
 Lovely bright rose with narrow creamy mid ribs.
 Stands sun well and blooms over a long season.
 Good grower and a fine parent\$1.00
 NINA REBMAN: Kraus 1955, M-L, 24-30, Dor.,
 O. E. We think this one fine. Amber yellow heavily
 washed azalea pink. Beautiful flower of good growing
 habits. Neat and compact\$2.00
 NOBILITY: Childs 1958, M, 32, Semi-Ev., Ext.
 A stunning large ruffled yellow self\$10.00
 NORWEGIAN LASS: Hall 1955, M, 34, Dor.
 Seems there are never enough pale cream daylilies.
 This one looked good everywhere—both North and
 South—last year. Ruffled, too\$2.00
 ORANGE BRIGHT: Fass 1954, M, 36, Semi-Ev.,

Dor., O. E. Sun resistant large broad
petalled orange\$2.00
PAMELA: Kraus 1950, M-L, 40, Dor., Ext.
A perfect daylily. Round waxy yellow on strong
perfectly branched scapes. Nice relationship between
the good foliage and scapes. Always does well and stays
open late. Reliable repeater in the South
We love it\$1.00
PANDA: Saxton 1952, M-L, 36-40, Dor. O. E.
Round overlapping purple petals and small yellow
sepals. A good bi-color. A good performer\$1.00
PEARLSHELL: Kraus 1951, EM-Re., 36, Dor., Ext.
Yellow wth pink and mother of pearl overflush in the
North. A fine pastel here in the South. Fine growing
habits and a good parent\$2.00
PICTURE: Lester 1952, M-L, 36, Dor., Ext.
A sun proof bright rose pink that looks well in all
weathers. Blooms later than most pinks\$1.00
PINK GLOW: Kraus 1956, M, 26, Dor., O. E.
Clear begonia rose that is weather resistant. .
Fine growing habits\$3.00
PINK LACE: Kraus 1958, M, 26-30, Dor., Ext., Fr.
A large pale pink, near white, weatherproof. Long
blooming season. An outstanding daylily well
worth the price. A few at\$10.00
PLEASANT HOURS: Bechtold 1953, EM, 28, Dor.,
O. E. Large deep yellow. It is almost everblooming
in the South\$1.00
POPPET: Childs 1960, M, 20, Dor., O. E.
New and one of our favorites. A compact ruffled
ping that is low growing. Very fine in color and
growing habits\$5.00
POWDERPUFF: Lester 1952, M, 36-40, Dor., Ext.
This sunfast pastel with pink dusting is a long time
favorite. Near white at the end of a hot sunny day.
Good grower\$1.00
PRIVATE SECRETARY: Howe 1954, M, 36, Dor.,
O. E. Yellow with a flush of melon. A good
carrying color\$5.00
RED CUP: Douglas 1955, E-Re., 26-28, Semi-Ev.,
O. E. A dazzling cardinal red that is sunfast.
Very bright in all weather\$1.00
RED DOT: Kraus 1950, EM, 22, Dor., Ext.
Brilliant weatherproof oxblood red. Small flowers
that stay open very late. A good low
growing red\$1.00
REVELATION: Baker 1955, M-L, 33, Ev., Ext.
Rich sunfast glowing cinnamon color. Beautiful
form, stays open late and neat growing. Visitors
have said this daylily is perfect. We think so too.
Always a sell out\$3.00
RINGLETS: Kraus 1950, M, 30-36, Dor., O. E.
Beautiful ruffled, creped and curled 2½"
flowers freely produced on well branched scapes.
Always a favorite\$1.00
ROSETONE: Kraus 1958, EM-M, 36, Dor., O. E.
A smooth glowing rose with cream mid-rib. Flowers
are triangular in form. Good grower with a long
blooming season. Weatherproof\$10.00
ROYAL PURPLE: Kraus 1950, M-L, 30, Dor., O. E.

Pansy purple with cream mid-rib. Stands all
weather well. A vigorous grower\$1.00
RUFFLED PINAFORE: Milliken, H, 30, Ev., O. E.
Very ruffled warm apricot yellow with a faint rose
halo. Well liked\$1.00
SCEPTRE: Bechtold 1946, M, 30, Dor., Ext.
Large jonquil yellow with green throat.
Fine form and habits\$1.00
SHIMMER: Kraus 1953, M-L, 30, Dor., Ext.
A near perfect deep yellow and later than most\$1.00
SHOOTING STAR: Hall 1953, M-L, 38, Dor., Ext.
Large very light cream yellow. Outstanding in a
clump. Much in demand\$2.00
SIDESHOW: Russell 1947, E-Re., 30, Ev., Ext.
A fine dependable wide petalled buff yellow.
Often reblooms in the fall\$1.00
SPICE: Taylor 1949, M, 36, Ev., Ext.
Rich glistening cinnamon color. Looks fine amid the
pastels. With us it has been a very hardy evergreen.
Vigorous grower\$1.00
STARSHINE: Childs 1955, M, 30-34, Dor., Ext.
Beautiful, near white, pink and melon pastel with a
green throat. Stands all weather and is a good
grower\$1.00
SWANSDOWN: Hall 1955, M, 38, Dor, Ext.
Large very light yellow. Sunfast and stays
open late\$2.00
TA MING: Nesmith 1948, M, 30-35, Dor., A. E.
Small rounded blooms of brilliant orange.
Well liked\$1.00
TAYLOR RUSSELL: Russell 1958, M, 24, Dor., Ext.
Pink with a lavender overcast.
Reblooms in the South\$5.00
THUMBELINA: Fisher 1956, M, Re., 28-32, Dor.,
O. E. Tiny orange bells. Flowers are produced
freely and there are many open at one time. A
vigorous grower. Dandy for arrangements\$1.00
TROY HILLS: Baker 1956, EE, 24, Dor., O. E.
Ruffled sunfast orange stippled with maroon\$1.00
WAR EAGLE: Hall 1957, M-L, 32, Ev., Ext.
Ruffled oxblood red. Very popular\$5.00
WHITE TRIANGLE: Bach 1956, M, 28, Dor., O. E.
We never have enough of this ruffled very pale cream
of low compact growing habits\$1.00
YELLOW BEACON: Childs 1960, EM, 32, Dor.,
O. E. Huge medium yellow with wide petals and
fine form. Very free flowering.
Reblooms in the South\$10.00
